D. EXPLORING THE BEST DELIVERY EXPERIENCE

1) We are aware that you have just given birth to a baby within **last year**. Hence, we would like to ask you about the positive points taken place during your delivery journey. We can try drawing your delivery journey together so that you can tell me in detail in each stage. Please tell me about the things or experiences that most satisfied you during each stage of your delivery journey. (Use paper and pen to draw the journey starting from interviewee's house)

(who, what, when, where and why? What happened next? - probing questions from participants' responses.)

What happened? When, where, why and how did it happen?
